Applications and Useful Information:

It is a solvent formulated with pure raw materials. It is ideal for washing and degreasing, preparing surfaces for subsequent painting, without affecting the primer paint. It removes waxes, protective silicones, grease, tar and dirt in general. It can be applied to metal, plastic, glass, painted furniture. Mild and tolerable odor and medium evaporation.

It can be used with a rag, paintbrush or spray, then wiped over with a clean cloth.

Medium evaporation allows it to be used in all seasons and for large areas.

The product complies with Italian Legislative Decree No. 161 of March 27, 2006 for the limitation of emissions of VOCs (volatile organic compounds) resulting from the use of bodywork products.
